

For most events, casino tables/games are only available with one of our dealers/hosts. Occasionally, we will provide a casino rental service where you can supply your own dealers. In these cases, we will provide the tables, supplies and a 'casino event manager' to be on site for assistance at your event. It is generally not an option to rent tables/games without at least one 'event manager' on site. The number of table games recommended for mobile casino events depends on how many guests you're expecting to participate. The most common casino events run for 2-3 hours. Contact us for more detailed information regarding casino table games rentals, bookings, reservations and pricing.

## CASINO PRIZE(S)

Prizes are a great incentive for everyone to try their best and have fun with the casino adventure. At the end of the casino allotted running time, we will exchange their casino chips/money for auction tickets. The more chips/money guests have - the more auction tickets (and chances to win the prizes) they will be given to enter into the prize draw(s).
